

6 watt Small Recessed Round Light

Model No.

SRR3, SRR5

The Redilight 6 watt recessed downlight was designed with emphasis on both aesthetics and performance. When combining superior finish with the performance of SMD LEDs you have a light that lasts many years, suiting almost any application.

NOTE: The 6W lights are designed to be used in pairs of two or four. They plug into the splitter box to create a 12 or 24 watt load that is then connected to the driver.
